SPRING 2014

## SPEND WEEKENDS WITH US!

### Stop by ALNC to Search for Signs of Spring!

ALNC is open every Saturday and Sunday from 10 am – 2 pm! Enjoy a virtual trip to outer space in our Science On a Sphere, hike our trails, see the eco-sphere, share your discoveries in the Nina Leopold Bradley Phenology Center and more!

Remember, ALNC Members receive FREE admission into the interactive exhibits, in addition to valuable benefits all year long! Join today by visiting our new website, [aldoleopoldnaturecenter.org](http://aldoleopoldnaturecenter.org) or by calling 608-221-0404 x9.

## Celebrate the Seasons at the Aldo Leopold Nature Center!

One of our favorite celebrations of spring here at ALNC is the tapping of our maple trees. Every year, we wait for temperatures to change just enough – warming up above freezing during the day, and falling below freezing at night – for the maple sap to start flowing. This year we have extra cause for celebration, as several of our young sugar maples, planted as part of a grant in 2002, are finally big enough to tap!

This is a wonderful time to visit the nature center to experience the changing seasons for yourself. Take a hike on our trails through the prairie and down to the wetland to spot the sandhill cranes and listen to the red-winged blackbirds calling.

Be sure to stop by for the sweetest celebration of the year: Maple Syrup Fest. Exhibits, activities, and demonstrations will take place on Sunday, March 30 from 1-3 pm. Pre-registration by phone or email is preferred, but walk-ins are welcome! We will also have maple syrup and maple candies for sale in our Gift Shop...it's a sweet way to enjoy spring and support ALNC!

And don't forget to sign up early for summer camps! Registration is open now for over 150 exciting and educational summer camp sessions for children ages 2-16, in Monona, and NEW this year, in Black Earth! Sessions are filling up quickly, so don't delay – register early to get your youngster geared

## SAVE THE DATE!

Saturday, June 21 for the Run Wild in the Woods & Celebrate the Summer Solstice 5K & 10K Run/Walk.

ALNC Members Save 10%! Join for as little as \$50 and get priority registration, save 10% off all camps and programs and much more!

 Anthony Zanoni

Dear Friends,

Everywhere we look there are signs of the changing season. The sandhill cranes have returned, the first blades of grass are greening under last year's fallen leaves, and the classrooms at ALNC are full of students learning about the sweet science of maple syrup!

This spring will also be one of change and growth for ALNC: I am stepping down from my position as Executive Director to take a position in Berlin, Germany working for poverty relief and anti-corruption efforts in the developing world. It has been my pleasure leading the Nature Center during this past year of incredible growth—growth that wouldn't have been possible without the support from all of you. I have greatly enjoyed working with the tremendous staff and supporters of ALNC while I've been here, and working towards our mission of providing the best environmental education for our community using the teaching of Aldo Leopold. I am proud that we served more children in 2013 than we ever have and achieved all our financial and organizational goals in strengthening the Center for the coming years.

I leave knowing the Center is poised for further growth in the years to come. Upon my departure in late March, Camille Zanoni, vice-president of advancement for the Nature Center, will become Interim Executive Director. I am confident that Camille's work at ALNC directing fund development, marketing, and membership, as well as her prior experience in environmental education, regional conservation initiatives, and non-profit management will help her guide ALNC to success in the interim.

I will miss working and talking with you all, but know that I will always be a supporter of ALNC no matter where I am.

With sincere thanks,

PAUL HOUSEMAN

## Nature Net's Earth Day Bouquet: April 12-27

Spring has sprung, and it's a busy time for Nature Net and all of our partners. From April 12-27, celebrate spring and the weeks around Earth Day with Nature Net's Earth Day Bouquet – an offering of free or low-cost family events each day! (Visit [naturenet.com](http://naturenet.com) for schedule, links, and details.)

Plus, gear up for Nature Passport – kicked off around Memorial Day each year. Get ready to help Ringo Raccoon find treasures around South Central Wisconsin all summer long, with this popular family nature scavenger hunt program!

## Coming up in our Series of Lectures on Nature, Climate and Culture

Join us Thursday, April 10th at 5:30 pm to hear Dr. Richard Steeves, UW-Madison Radiation Oncology Faculty and International Crane Foundation Board Member, discuss the fascinating global treatise of Norwegian professor Jorgen Randers. Analyzing global economic trends, energy use, human population and climate data, Randers presents a global forecast for the next 40 years, prompting questions of sustainability, resource use, and humanity's role as stewards of our fragile planet.

The lecture is free and open to the public, and will be followed at 7:00 PM by a guided tour of ALNC's Climate Science Education Center. Pre-registration for the lecture and tour are not required, but you may visit the website for more info.

## FAMILY PROGRAMS & EVENTS

### MAPLE SYRUP FEST - SEE PAGE 1 FOR DETAILS

In partnership with Alliant Energy Foundation, American Transmission Company, BMO Harris, CUNA Mutual Group Foundation, DuPont, Evjue Foundation, Inc. the charitable arm of The Capital Times, ThermoFisher, Madison Gas & Electric Foundation, 92.1 The Mic, WIBA AM and WKOW.

Sunday, March 30  
1 – 3 pm

### THE GREAT EGG HUNT AND SPRING SPECTACULAR

Legend has it that every spring a rabbit would visit children's homes during the night and leave a woven nest with an egg in it as a sign that spring had arrived. Join us to celebrate spring as we bring this legend to life. Go on an egg hunt to search for eggs throughout the ALNC grounds, learn how to use natural dyes, visit with some spring animals, and learn all about other animals that lay eggs, win prizes and much, much more! Hop on over to ALNC to celebrate all things spring! **Pre-registration recommended; walk-ins welcome.**

ALNC Members: \$7/person or \$25/family; Non-members: \$8/person or \$29/family

Saturday, April 19  
2 – 4 pm

### WILDFLOWER WANDER

Bring your mother or other for this easy stroll to see some of Wisconsin's spectacular spring wildflowers. May is an excellent time to view both early and late spring flowers since their bloom times overlap and our woodland areas are simply spectacular! Learn the folklore behind names of the ephemeral wildflowers and color & take home a field guide of your favorite spring wildflowers. Moms, families, grandparents, plant lovers - and even dads - are invited to join us on this easy and enjoyable outing. **Pre-registration recommended; walk-ins welcome.**

ALNC Members: \$7/person or \$25/family; Non-members: \$8/person or \$29/family

Saturday, May 10  
10 am - 11:30 am

To register for Public Programs, visit [aldoleopoldnaturecenter.org](http://aldoleopoldnaturecenter.org). For more information or to register by phone, call 608-221-0404, x1.

## VACATION DAY PROGRAMS

### SPRING BREAK WEEK (For Madison & Monona) 9AM - 4PM

#### EARTH & BEYOND

Monday, April 14, 2014 (also Monday, March 31 for Monona Break)

Registration Deadline: Thursday April 10 (or Thursday March 27th)

Our solar system is vast and contains many different worlds, from the ice worlds way out in the solar system to the hot planets closer to the sun. Earth is unique because of one precious resource: water! Join us as we learn about why we have water on our planet, and take some weather measurements. Then, compare our planet with other planets in our solar system. Get ready to step into the shoes of an astronaut as we explore outer space!

Monday, April 14, or  
Monday, March 31  
9 am - 4 pm

#### SPRING FLING!

Tuesday, April 15, 2014 (also Tuesday, April 1 for Monona Break)

Registration Deadline: Friday April 11 (or Friday March 28th)

Celebrate the return of spring! We will search for signs of spring while having a spring scavenger hunt to celebrate the re-awakening of the earth after a long winter. Make a mud painting, plant a seed, learn about animal babies and use natural materials to dye an egg to mimic the variety of colorful eggs made by wild critters.

Tuesday, April 15, or  
Tuesday, April 1  
9 am - 4 pm

#### PIONEER DAYS

Wednesday, April 16, 2014 (also Wednesday, April 2 for Monona Break)

Registration Deadline: Monday April 14 (or Monday March 31)

Turn off the TV and join us for some old-fashioned fun! We'll spend the day playing pioneer games; have sack races & much, much more. From firewood to food, we'll also learn how pioneers lived off the land through fun & exciting explorations.

Wednesday, April 16  
Wednesday, April 2  
9 am - 4 pm

#### WETLAND WAKE-UP

Thursday, April 17, 2014 (also Thursday, April 3 for Monona Break)

Registration Deadline: Tuesday April 15 (or Tuesday April 1)

Become a wetland ecologist for the day! We'll visit the pond and marsh to listen closely for croaks, chirps, trills, and whistles of frogs and toads to learn how to identify them. We'll also bird watch with binoculars and try to find some spring migrants, peek in the pond to see what creatures have emerged, and explore all areas wet and muddy in this "ribbiting" investigation!

Thursday, April 17  
Thursday, April 3  
9 am - 4 pm

**NEW LONGER HOURS!** We have added new extended day offerings for vacation day programs to help meet the needs of parents with busy schedules. Before, and after program hours, children can participate in supervised outdoor games and exploration before or after an active day.

Drop off and pick up times for extended day options:

AM: Drop off your child as early as 8:30am, program starts at 9:00am

PM: Program ends at 4:00pm, must pick up by 5:30pm

Fee For Extended Day Option: \$16/day (members save 10%)

# PUBLIC PROGRAMS...

Friday, April 18, or  
Friday, April 4  
9 am - Noon

## SAVE THE DATE!

**Saturday, June 21  
for the Run Wild  
in the Woods  
and Celebrate the  
Summer Solstice 5k  
and 10k Run/Walk  
at the Black Earth  
Camps!**

### ECO PLAY DAY

**Friday, April 18, 2014 (also Friday, April 4 for Monona Break)**

*Registration Deadline: Wednesday April 16 (or Wednesday April 2)*

Aldo Leopold was well known for his "land ethic," and teaching about the importance of caring for the outdoors. We will learn how we can help nature and work on some projects, such as filling bird feeders, checking on bluebird boxes, and picking up litter. Then, the rest of the day will be spent enjoying time in nature! We will play games using natural materials and enjoy spending time outside on a spring day.

Bring a sack lunch for all full-day programs! AM and PM snacks provided. All Vacation Day Programs appropriate for children ages 5-12.

### NEW LONGER HOURS!

WE HAVE ADDED NEW EXTENDED DAY OFFERINGS FOR VACATION DAY PROGRAMS TO HELP MEET THE NEEDS OF PARENTS WITH BUSY SCHEDULES. DURING BEFORE AND AFTER PROGRAM HOURS, CHILDREN CAN PARTICIPATE IN SUPERVISED OUTDOOR GAMES, EXPLORATION, OR JUST PLAYING OR RELAXING BEFORE OR AFTER AN ACTIVE DAY.

DROP OFF AND PICK UP TIMES FOR EXTENDED DAY OPTIONS:

AM: DROP OFF YOUR CHILD AS EARLY AS 8:30AM, PROGRAM STARTS AT 9:00

PM: PROGRAM ENDS AT 4:00PM, MUST PICK UP BY 5:30PM

### Fees:

Full Day program are \$55/child per session (members save 10 %);

Extended Day Option: \$16/day (members save 10%)

Or save and sign up for the whole week:

Package Price \$265/week (members save 10 %!);

**To register for Vacation Day programs, visit [www.aldoleopoldnaturecenter.org](http://www.aldoleopoldnaturecenter.org), click on Programs, then Youth Programs. Fill out the General Registration form and submit. For more information or to register by phone, call 608-221-0404 x1.**

## WONDER BUGS PRESCHOOL PROGRAM - 9:30-10:45am (all days)

### SUPER SQUIRREL

Tuesday, March 25 & Wednesday, March 26, 2014

Is that a bird? A plane? No, it's super squirrel to the rescue! Come get carried away by these furry flying squirrels. You'll be amazed at what these little critters can do!

### MUD PIES IN THE SKIES

Tuesday, April 1 & Wednesday, April 2, 2014

As the ground begins to thaw we will dig and we will draw. There is more to soil than meets the eye. Come learn about fun critters that live in the mud. We'll play and sing until we say bye-bye.

### THINK SKINK

Tuesday, April 8 & Wednesday, April 9, 2014

What is five-lined with a blue tail? Why a skink of course! Come sing and play today. Learn all about these colorful reptiles and don't be left holding this tail!

### DUCK DUCK CUTE

Tuesday, April 15 & Wednesday, April 16, 2014

You're it! Waddle this way for waterfowl adventures and games. These birds are sure to "bill" you with delight. Come take a quack at it!

### EARTH TO EGG

Tuesday, April 22 & Wednesday, April 23, 2014

Earth Day is the perfect time to celebrate eggs, inside and out. We'll also explore some animals that hatch from eggs. Games, crafts and songs will make it an egg-cellent day!

### SENSATIONAL SENSES

Tuesday, April 29 & Wednesday, April 30, 2014

Come explore the natural world using all of our senses! When all is said, seen, heard, smelled, tasted and done you will be wanting more and more and more.

### SHAKE A LEG!

Tuesday, May 6 & Wednesday, May 7, 2014

Move and dance like baby animals and their mamas. Live guest appearances are sure to fluff you up with knowledge!

### HOW GULL-IBLE ARE YOU?

Tuesday, May 13 & Wednesday, May 14, 2014

You can "sea" these birds just about anywhere. But don't let the commonness of these birds keep you at home, though. Soar this way and discover new gull-icious facts today!

### RAPTOR RAPTURE

Tuesday, May 20 & Wednesday, May 21, 2014

Humans aren't the only animals at the top of the food chain. Come discover the exciting world of raptors! Sharp talons and curved beaks so many more features of which we shall speak.

### MUSSEL MANIA

Tuesday, May 27 & Wednesday, May 28, 2014

Are you strong enough "two" tackle this topic? You won't find pearls in these bivalves, but you will go home with some pearls of wisdom. Join us for a cracking good time!

### JUNE BUGS

Tuesday, June 3 & Wednesday, June 4, 2014

June is here and summer is near! Get ready to cheer and jitter as we learn all about the June bug and its grub.

### PRICES FOR WONDER BUGS FOR ALL INDIVIDUAL SESSIONS:

**\$9/CHILD, ALNC MEMBERS SAVE 10%.**

### PACKAGE PRICE FOR ALL SPRING WONDER BUGS SESSIONS:

**WEDNESDAYS (14 SESSIONS): \$114 (MEMBERS SAVE 10%)**

## WEEKEND THEMES:

### APRIL 2014 – SPRING FLING!

Spring is full of reawakening, new growth, and is an egg-cellent time to celebrate our amazing planet! Learn about seasonal changes and spring appearances in our phenology center and phenology garden bed; then, hike our trails and see what you can find. Visit our newly planted food garden and learn about getting your garden on. In our awesome theaters, you can view Earth from space, travel the globe, and watch a special Excellent Earth planetary playlist to enjoy the beauty and importance of the plants, animals, energy, systems, and cycles that make up the world we call home. Engage with family activities and explore our interactive green building tour to see how we conserve energy and resources to live lightly on the Earth year-round – and learn what you can do at home! Plus, join us for an eco-egg hunt on Saturday, April 19!

### MAY 2014 – PLANT POWER

Plants provide food, energy, clean air, habitats, and resources for humans and animals. Learn how vegetation and forests act like solar panels and air scrubbers, absorbing carbon from the air and turning sunlight into energy that powers food chains and societies around the world. Play in our tree hollow, learn about forest critters, check out our gardens, and hike trails to find freshly sprouted prairie grasses and woodland wildflowers!

### JUNE 2014 – FISHING FUN!

Plunge headfirst into this month's programs and get hooked! Travel on a virtual tour of Earth's oceans, enjoy hands-on family fishing activities, visit our pond, learn about lakes and rivers, and discover the connection between climate change and fishing, here in Wisconsin and around the world. Plus, join us on Father's Day for a special Family Fishing Program – learn how to fish in ALNC's pond, play the backyard bass game, learn to tie basic knots, fish and more!

## ADULT WORKSHOPS

### WET FELTED HAT WORKSHOP

**Sunday, May 4, 2014 - 10am - 4pm**

The process of wet felting uses wool, warm water and soap to create a durable and fashionable seamless form. In this workshop we will create a one of a kind felted Merino wool hat in a style and color of your choosing. This class is appropriate for beginner and intermediate wet felters. (Ages 16+ please; ages 14-15 welcome with adult). Please Bring the following supplies: bag lunch, two old bath towels, comfortable clothes, waterproof apron (optional!)

*Instructor Bio:* Emily Graf has been wet felting hats and other accessories for years, and in the past two years has turned this hobby/obsession into a full time job. She has taught felting classes for community education, accredited schools and Road Scholar programs as well as to groups of public school kids.

ALNC Members & Non-Members: \$60/person + \$15 materials fee

### LEOPOLD EDUCATION PROJECT

**Tuesday, June 17, 2014 - 8:45am - 3pm**

The Leopold Education Project (LEP) is an innovative interdisciplinary environmental education curriculum based on essays in Aldo Leopold's A Sand County Almanac. Originally created by a Wisconsin high school science teacher, LEP uses Leopold's writings as a springboard for engaging students in science, literature, math and social studies. A recently developed collection of activities entitled, *Exploring the Outdoors with Aldo Leopold*, encourages flexibility, and creativity, using the lessons in a variety of subject matters. The hands-on critical thinking activities teach students about nature and conservation while striving to instill what Leopold called "the land ethic", an appreciation of and respect for the land and how it should be used.

This workshop is appropriate for anyone who is interested in learning more about fostering a relationship between our youth and the natural world— teachers, scout leaders, naturalists, park rangers, zoo educators, youth group leaders, and private citizens.

Please Bring a lunch ..... snacks and cold drinks will be provided.

ALNC Members & Non-Members: \$ 20/person

*For more information or to register online for any of the above workshops, visit our website:*

*<http://aldoleopoldnaturecenter.org/program-overview/adult-programs/adult-classes> or to register by phone, call 608-221-0404 x1.*

## SCOUT PROGRAMS

Boy and Girl Scout troops love coming to ALNC! From Eagle Scouts to Tiger Cubs and Cadettes to Daisy Girl Scouts, ALNC has exciting, hands-on programs to enthuse and challenge scouts of all ages. A variety of day and overnight programs are available including:

- Survival component of First Aid
- Emergency Preparedness - Outdoor Survival
- All About Birds
- Digging Through the Past
- Eco-Action
- Space Exploration (*Recommended as part of an overnight program.*)
- Wildlife
- Ecology
- Orienteering and more!

**For more information, visit [naturenet.com/alnc](http://naturenet.com/alnc) or call 608-221-0404, x1.**

**Connect With ALNC Online for Photos, Video, Updates**

# Members Make a Difference!

**As an ALNC Member, not only do you support our efforts in connecting students with the natural world and building a sustainable future, you also receive valuable year-round benefits.**

## **ALDO LEOPOLD NATURE CENTER MEMBERS MAKE IT POSSIBLE...**

- To provide innovative environmental education to 1,000's of students of all ages
- To present pioneering, high-tech, interactive Climate Change exhibits
- To operate two innovative nature centers year-round
- And to help foster admiration and respect for nature and encourage sustainability and stewardship of the land.

Your Membership helps us advance our efforts to connect our visitors with the natural world, and with your renewed support, ALNC will continue to provide innovative and hands-on programming – fostering environmental awareness and empowering students to become healthy, confident community leaders and responsible stewards of the land.

## **THE MEMBER ADVANTAGE**

As an ALNC Member, not only do you support our efforts in connecting students with the natural world and building a sustainable future, you also receive valuable year-round benefits including:

- 12 months of FREE admission for four people to the Nature Center's interactive exhibits, open Monday – Saturday, with special themes highlighted once a month
- 10% discount on Gift Shop purchases and family programs and summer camps, with advance registration
- FREE admission to members-only events like *Fall Fest*
- FREE rental of our year-round *Family Trailside Backpack program*
- Subscription to the Aldo Leopold Nature Center's newsletter and e-newsletter
- A cool Aldo Leopold Nature Center window cling
- And much more!

**Please consider renewing your membership or joining ALNC today! Visit our website at [aldoleopoldnaturecenter.org](http://aldoleopoldnaturecenter.org).**

## **New Private Rentals & Weddings at ALNC!**

**A**re you looking for a unique, scenic and eco-friendly place to host an upcoming party, family reunion, wedding, meeting, retreat or corporate party? Whatever you envision for your special event, ALNC has the ideal space for you! In addition, ALNC can offer your guests exciting one of a kind experiences like custom shows in the Science On a Sphere, guided hikes, nature activities, tours of our interactive exhibits and much more!

*Email [awhite@naturenet.com](mailto:awhite@naturenet.com) or call 608-221-0404 x2 to find out more!*

# Sponsor a Summer Camper through the Campfire Fund!

For most disadvantaged and homeless youth, the opportunity to enjoy a carefree summer spent learning and playing outdoors is an impossible dream. The Aldo Leopold Nature Center invites you to help give these children respite from the reality of their daily struggles and provide them a once-in-a lifetime opportunity to attend summer camp through our **Summer Camp Fund for Disadvantaged Youth** or **Campfire Fund For Homeless Youth**.

Help give Dane County's most deserving children a summer they will always remember, and one that will provide them with a source of happiness and hope for their futures. It costs \$10 to send a child to a 2-hour camp session, \$25 for a half day session, \$120 for one week of half day sessions, or \$265 to send a child to full day camp for a week.

For information and to donate, visit [www.aldoleopoldnaturecenter.org/sponsor-a-camper](http://www.aldoleopoldnaturecenter.org/sponsor-a-camper), or call Camille Zaroni at (608) 221-0404 x5.

Thank you for making a difference in these children's lives today!

## Leave a Lasting Legacy

By dedicating a gift through your estate plans to the Aldo Leopold Nature Center, you can ensure that future generations have the opportunity to connect with nature, and develop the same sense of stewardship, respect and responsibility toward our natural world that you hold today.

You can make a gift of cash, securities, or personal property, or name Aldo Leopold Nature Center as a beneficiary of your life insurance, retirement or other savings accounts.

To include the Aldo Leopold Nature Center as a beneficiary of your estate plan, please use the following language:

"I gift \_\_\_\_\_ (% or dollar amount) to the Aldo Leopold Nature Center, Inc. [federal tax id #39-1786897], a nonprofit organization organized and existing under the laws of Wisconsin and with a principal mailing address of 330 Femrite Drive, Monona, WI 53716."

For more information on making a gift of everlasting significance, please contact Kelley Van Egeren or Camille Zaroni at (608) 221-0404 or email [kelley@naturenet.com](mailto:kelley@naturenet.com). Thank you.

*"The Aldo Leopold Nature Center is an organization that provides an essential service to the community. If children aren't instilled with love and respect for nature, there is not much hope that the human race will have the desire and wherewithal to solve the many environmental problems that beset us."*

*- Robert Alexander  
ALNC member and planned giving donor.*

From all of us at the Aldo Leopold Nature Center,  
Thank you!

**ALDO LEOPOLD  
NATURE CENTER**

330 Femrite Drive  
Monona, WI 53716

**LAND STEWARD  
VOLUNTEER  
WORK DAYS**

**MONONA &  
BLACK EARTH**

Land Steward Work Days are back for Spring with lots of work to do! Interested in helping restore and maintain ALNC's prairie, marsh and woodlands?

Join us one Saturday of every month to help control invasives, seed with native plants, get dirty and have some fun! Volunteer work days will focus mainly on land management projects and invasive species removal. Work days may be cancelled due to inclement weather or planned activities may be modified. Groups are encouraged to contact us and coordinate with us to set a specific work date and schedule. Adults and youth welcome.

Join us from 9:00-11:30am for one of these workdays!

**Saturday, April 19**  
**Saturday, May 17**  
**Saturday, June 21**

For inquiries about land steward volunteer workdays, groups and work days and time, call 608-221-0404 x1 or email education@naturenef.com.

CONNECT WITH ALNC ONLINE FOR PHOTOS, VIDEO, UPDATES AND MORE!

## ALNC's Gift Shop Open Daily!

Fun & unique nature-themed items you and your family will love!

Aldo Leopold Nature Center has a gift shop - open daily and for special events. Feel free to shop any time during your stay, or purchase a gift certificate for someone special.

Members receive a 10% discount!

**Be sure to check out the new items! Just added - Chala Handbags & Maple Syrup!**

## Where Learning is Natural!

The mission of the Aldo Leopold Nature Center is to provide innovative hands-on programs and interactive exhibits for visitors of all ages which "...teach the student to see the land, to understand what he sees, and enjoy what he understands" in the spirit of famed Wisconsin conservationist Aldo Leopold.

### Exhibit & Gift Shop Hours:

Monday-Friday  
10:00 am - 4:00 pm  
Trails open from dawn to dusk.  
608-221-0404 - telephone  
608-221-9095 - fax  
aldoleopoldnaturecenter.org

### Double Mailings?

Have you received extra copies of recent ALNC mailings? Please call 608-221-0404 with any corrections.
